**WHAT IS AN HCA DEVELOPMENT PERMIT?**

The County Zoning & Development Ordinance (ZDO) requires a Habitat Conservation Area (HCA) Development Permit for:

1. Development within an HCA.
2. A parcel that contains an HCA, and is the subject of a partition or subdivision.

**WHAT IS NEEDED FOR APPROVAL?**

All HCA Development permits are discretionary and MAY be permitted after evaluation according to criteria in the ZDO. The County must make written findings to support the decision. The applicant is responsible for providing evidence to support the Development Permit request, according to ZDO Section 706.

**WHAT ARE CHANCES FOR APPROVAL?**

Staff cannot predetermine the decision on this or any application. A decision of approval or denial will only be made after the complete application is processed. The decision is based on criteria appropriate to this application as listed in the ordinance. In order to address the necessary criteria, the information requested in this supplemental application should be as thorough and complete as possible.

**APPLICATION PROCESS**

HCA Development permits are subject to the Administrative Action process and public notice — where public comments received from the Community Planning Organizations (CPO), property owners, agencies and other interested parties may affect the decision — unless the application is filed concurrently with another land-use application that requires review by the Hearings Officer, in which case the application will be consolidated and reviewed pursuant to the Hearings Officer review provisions of Section 1300.
